

Hello!

Effective 5/3/2021 Columbia Pediatrics has gone electronic!

We are hoping to make your experience better with the use of fewer paper materials. Effective immediately, we will be using an electronic prescribing application as well as electronic laboratory ordering. You now will have access to your children's medical records and vaccinations.

In order to facilitate these changes, we are requesting the following information:

Patient Name: _____ DOB: _____

Parent Name: _____

Parent email address: _____

Parent DOB: _____

Mobile Number for text appointment reminders: _____

Current pharmacy (and address): _____

We appreciate your patience during this transition. Please notify the office if you are expecting a follow up service and have not been contacted in a reasonable period of time.

Please check the box below if you would like access to the portal and include any additional children you would like to have access to as well.

Check here to request access.

Sincerely,
Your Columbia Pediatrics Team
